

### All Hands Meeting January 2021

**Surviving tough times-** The moment you are ready to quit, usually the moment right before the MIRACLE happens. So don't stop doing, trying, learning, fighting, experiencing. Never give-up until the MIRACLE happens.

Cygni has celebrated **The All Hands Meeting** on **30th January 2021** at NPF (New Production Facility) where employees were rewarded for their hard work and team-effort. Cygni was the first startup to be part of the "startup India action plan". Today Cygni is an organization which has its footprint in the Indian renewable energy market for solar solutions as well as known as the electric vehicle battery manufacturer.

## Cygni Solar Inverter India's First Dual Input-Output Solar Solution

Cygni Hybrid Solar Controller: Introducing First DUAL input (grid and solar) and DUAL Output Solar Backup System with AC and DC output. The Hybrid system with Lithium battery and remote monitoring is ideal for residential or small commercial rooftop solar. The system is designed to efficiently use solar to provide maximum backup to consumers with weak grid or high electricity bills.

## Feel Proud to Drive a Cygni Battery Powered Electric Vehicle

Nature is our responsibility. Make our planet greener and pollution-free with most-efficient electric vehicle batteries from Cygni. Cygni two-wheeler batteries are high capacity Lithium-Ion batteries available in a lightweight and compact design. Show you care for the environment. Don't burn your wallet per kilometer, Switch to the electric way with Cygni.

**"The whole idea of the solar project is to replace dirty energy with clean energy."**

## Battery Is The Technology Of Our Time

State of Batteries Report 2020 held on January 16, 2021. In this inaugural report, we summarize what we consider to be the most significant developments in the battery industry in 2020. This report seeks to provide a comprehensive and accessible overview of the current state of battery research, industry, talent, and policy. We hope to catalyze in-depth conversations on the state of batteries and trajectory for the future.

## Decentralised Solar Refrigeration

“Decentralised Solar Refrigeration: Opportunities in the Livelihood Appliances Market in India” Report on Tuesday 19th January 2021. Launched a new report mapping out the existing ecosystem of the #offgridsolar refrigerator sector in India, along with recommendations to support the market development of this sector. This report is carried out by Intellecip, supported by GOGLA.

## Chief Guest's Speech on AHM

Cygni has celebrated All Hands Meeting on 30th January 2021. The chief guest for the event was Shri Ramana Prasad, President - Group Strategy at Amara Raja Group.

We inspired by his speech on self-motivation and find happiness for yourself through teamwork.

**ARAI CERTIFIED PRODUCT**

**GABBAR**  
(E Rickshaw Li-Ion Battery - 48V 65AH)  
Gabbbar is tested & certified by ARAI (Automotive Research Association of India) - Govt. Of India

- SMART BMS
- LED DISPLAY
- IP-65 RATING
- 3 YEAR WARRANTY
- LONGER LIFE
- SURGE PROTECTION
- QUICK RECHARGE

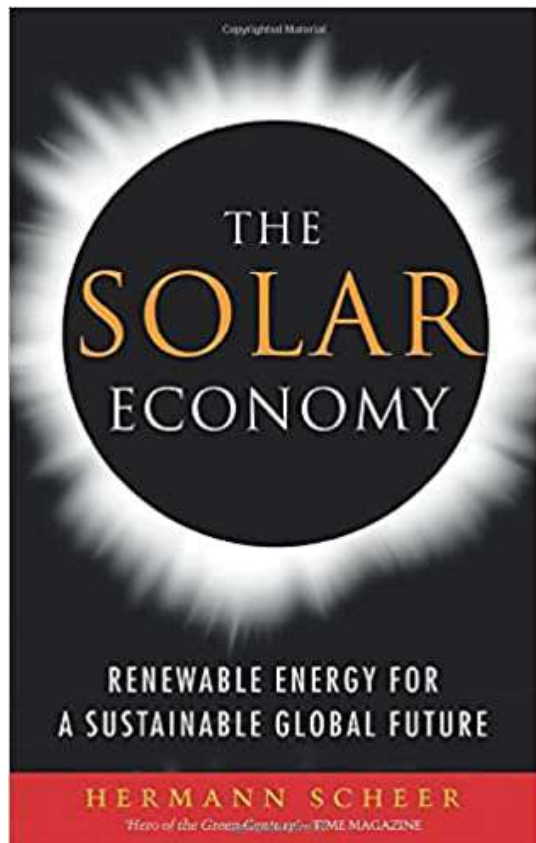

## ARAI Certified Product

Cygni EV Li-Ion Battery - 48V 65AH is tested & certified by ARAI (Automotive Research Association of India) - Govt. Of India. Cygni Li-Ion Battery comes with smart BMS, LED display, IP- 65 Rating, Surge protection, longer life & quick recharge solution.

## The Solar Economy: Renewable Energy for a Sustainable Global Future

The global economy and our way of life are based on the exploitation of fossil fuels, which not only threaten massive environmental and social disruption through global warming but, at present rates of consumption, will run out within decades, causing huge industrial dislocation and economic collapse. Even before then, the conflicts it causes in the

Middle East and elsewhere will be frighteningly exacerbated.

The alternative exists: renewable energy from renewable sources - above all, solar. Substituting renewable for fossil resources will take a new industrial revolution to avert the worst of the damage and establish a new international order. It can be done, and it can be done in time.

**Author: Hermann Scheer**

The Solar Economy, by one of the world's most effective analysts and advocates, lays out the blueprints, showing how the political, economic and technological challenges can be met using indigenous, renewable and universally available resources, and the enormous opportunities and benefits that will flow from doing so.

## Upcoming Activities - February 2021

**5 Day Training Program on Basics of Electric Vehicles** **esmito**

22<sup>nd</sup> - 26<sup>th</sup> Feb, from 6:00 pm to 7:30 pm

Program based on Technology Research, Surveys, Design, Development and Field Trials

Topics: EV Trends, Battery BMS, Chargers, Charging & Swap Stations, Infrastructure Management

Eligibility: EV Enthusiasts, Employees and Students

Mode of Training: Online Live Sessions

Fee: INR 3000/-

promoted by: Lucas TVS, Cygni

Mahesh Babu, Expert Talk  
MD & CEO, Mahindra Electric Mobility

Venkat Rajaraman, Expert Talk  
CEO, Cygni Energy

Dr. Prabhjot Kaur, Faculty  
CEO, Esmito Solutions  
EX-CEO, CBEV, IIT Madras
