

**Freedom from fueling. Drive into Future with us.**

**SWITCH TO CYGNI POWER**

Choose EV's which are..

- ✔ Eco Friendly
- ✔ Saving on Money
- ✔ Reducing Emissions

www.cygni.com | 1800 103 0314 | sales@cygni.com

**Future E-Mobility**

Time is ripe for an EV revolution. Polluting vehicles are taken off the road. Cygni's EV Batteries (for 2W and 3W) comes with most advanced BMS technology with faster cell balancing and temperature dependent charge/discharge performance. Cygn is also the first to implement swapping protocol for next generation e-mobility applications.

**DOES YOUR BATTERY HAVE ALL THESE THINGS:**

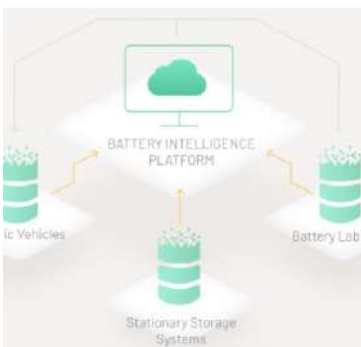

- ✔ most advanced technology
- ✔ environment friendly
- ✔ battery management system
- ✔ 3 years warranty
- ✔ Lithium Ion chemistry

**If not, Then Switch to Cygni Batteries**

**New Age Energy Technology**

Cygni's Battery Energy Storage Systems (BESS) are best suited for Behind-The-Meter (BTM) applications for Commercial, Industrial and Telecom facilities. They improve the reliability, availability, and efficiency of the power supply. Cygni ESS are ideal for Renewable Energy Integration and Time-of-use management.

**Battery & Data Analytics - Why Data Driven Approach is Critical to the Battery Industry?**

An article by *our CEO, Mr. Venkat Rajaraman*, in *JMK Research & Analytics*, on why it is imperative to develop software intelligence to predict battery degradation, alert users to unsafe batteries and thus avoid any untoward incidents. Achieving this intelligence and 100% battery safety is a business priority now.

## “Quote Of the Month”

“If you cannot do great things, do small things in a great way

- Napoleon Hill

## The Future of Electricity Usage

Bureau of Indian Standards (BIS) in association with Centre for Innovation in Science and Social Action (CISSA) India has organized this technical webinar on Low Voltage Direct Current (LVDC) “The Future of Electricity Usage”. Cygni Energy's GM R&D, Mr. Sasidhar was the speaker for this event.

## Electric Vehicle Technology Week Workshop

IEEE Mysore Sub Section in association with IEEE SA has organized an **Electric Vehicle Technology Week** workshop and linedup of 15 interesting topics with 14 vibrant speakers.

#ElectricVechile #Emobility, #IEEE

## ARAI to establish pre-certification lab in Telangana

The team was received by the Director of Electronics - EV and ESS, Mr Sujai Karampuri and other officials from the department of ITE&C. ARAI, which is the leading automotive R&D organization of the country, outlined their plans to set up a pre-certification lab in Telangana.

## Book of The Month- Battery Management Systems by Davide Andrea

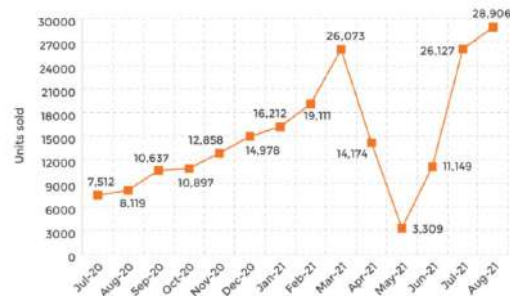

This timely book provides with a solid understanding of battery management systems (BMS) in large Li-Ion battery packs, describing the important technical challenges and exploring the most effective solutions. You find in-depth discussions on BMS topologies, functions, and complexities, helping you determine which permutation is right for your application.

## Independence Day Celebration

In celebration of India's 75th #IndependenceDay, our Cygni Energy Employees children's participation made this celebration more interesting and we all enjoyed seeing their creativity on poster making.

## Upcoming Activities- Aug 2021

## Celebrate: Ganesh Chaturthi

Let us celebrate this Ganesh Chaturthi on 10th September. This is a Hindu festival celebrating the arrival of Ganesh to earth from Kailash Parvat with his mother Goddess Parvati/Gauri.

## Employee Engagement Activities

HR Team has come up with various employee entertainment activities to keep the employees engaged and connected. Art Competition, Potluck, Tambola/Housie, Story Telling (Object) and many other mind blowing games were conducted. Nominate yourself to every one of future events; all much more exciting and energetic, and reveal your hidden talents and creativity. #Teambonding #TeamSpirit
